

# Scone High School Behaviour Support and Management Plan

## Overview

Scone High School is committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged in their learning.

Our goal is to inspire every child to participate positively in society. We focus on promoting excellence, opportunity and success for every student, every day. We value and strive to develop safe, respectful learners in a caring learning community.

The principles of positive behaviour support, trauma-informed practice, inclusive practice, and social emotional learning underpin our daily practice. High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

Our processes are founded on the idea that students must learn to take responsibility for their own actions and to ensure all staff respond to these challenges consistently to support students to acknowledge harm and learn from their behaviour.

To achieve our mission, key approaches and programs prioritised and valued by the school community are:

- Restorative Practice

Restorative practice is a whole school teaching and learning approach that encourages behaviour that is supportive and respectful. A restorative approach focuses on building, maintaining and restoring positive relationships, particularly when incidents that involve interpersonal conflict or wrongdoing occur.

## Partnership with parents and carers

Scone High School will partner with families in establishing expectations for parent engagement in developing and implementing student behaviour management strategies, including for bullying behaviour by:

- inviting families and student feedback through formal and informal means, including through Tell Them From Me Surveys, school surveys, consulting with the school's P & C Association and local AECG.
- using concerns raised through complaints procedures to review school systems, data and practices.

Scone High School will communicate these expectations to parents/carers through the school newsletter, website and provide links to information and resources in the [Behaviour support toolkit](#).

## School-wide expectations and rules

Scone High School has the following school-wide expectations and rules:

**To be respectful, responsible, resilient learners who build positive relationships.**

| Respectful               | Responsible        | Resilient                     | Relational              |
|--------------------------|--------------------|-------------------------------|-------------------------|
| Be kind and value others | Be safe            | Seek help, accept advice      | Be positive             |
| Use appropriate language | Be equipment ready | Restore harm, recognise       | Listen to<br>Understand |
| Work co-operatively      | Be on time         | Overcome challenges           | Build connection        |
| Accept differences       | Be ready to learn  | Be aspirational, be your best | Better Everyday         |

## Behaviour code for students

NSW public schools are committed to providing safe, supportive, and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

The Behaviour Code for Students can be found at <https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01>. This document translated into multiple languages is available here: [Behaviour code for students \(nsw.gov.au\)](#)

## Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies across the care continuum and responds to behaviours of concern, including bullying and cyberbullying behaviour. Behaviours that do not constitute bullying include mutual disagreements or isolated incidents.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- actively supervising students
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all learners.

## Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

### Identifying behaviour of concern, including bullying and cyberbullying

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm. See Appendix 1.

Scone High School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying through a range of channels, including:

- directly observing a student’s behaviours, interactions, verbal communications, or work produced (such as written materials, performances or artworks)
- a person disclosing information that is not previously known, either because it is new information or because it has been kept a secret

- concerns raised by a parent, community member or agency.

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support, through their year advisor, school support officer or school counselling service.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member, where there is a clear and close connection between the school and students' conduct.

### **Preventing and responding to behaviours of concern**

- Planned responses to behaviour that does not meet school expectations are either teacher or executive managed. Staff use their professional judgement in deciding whether a behaviour is teacher managed or executive managed. They should consider whether the behaviour poses a risk to the safety or wellbeing of the student or others.  
**Teacher managed** – low level inappropriate behaviour is managed by teachers in the classroom and the playground.
- **Executive managed** – behaviour of concern is managed by school executive.

Corrective responses by teachers may include:

- rule reminder
- re-direct, offer choice or error correction
- prompts
- reteach
- seat change/play or playground re-direction
- stay in at break to discuss/complete work/walk with teacher
- conference
- detention, reflection and restorative practices
- communication with parent/carer

Scone High School uses the following strategies and systems to explicitly teach, recognise and reinforce positive student behaviour and behavioural expectations:

| Prevention<br>Responses to recognise and reinforce positive, inclusive and safe behaviour   | Early Intervention<br>Responses to minor inappropriate behaviour are teacher-managed.   | Targeted/Individualised<br>Responses to behaviours of concern are executive managed  |

## Responses to serious behaviours of concern

Responses for serious behaviours of concern, including students who display bullying behaviour, are recorded on Behaviour / wellbeing ITD system. These may include:

- review and document incident
- determine appropriate response/s, including supports for staff or other students impacted
- refer/monitor the student through the school learning and support team
- develop or review individual student support planning, including teaching positive replacement behaviour and making learning and environmental adjustments
- detention, reflection and restorative practices (listed below)
- liaise with [Team Around a School](#) for additional support or advice
- communication and collaboration with parents/carers (phone, email, parent portal, meeting)
- formal caution to suspend, suspension or expulsion.

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and expulsion procedures](#) apply to all NSW public schools.

## Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the [Incident Notification and Response policy](#); [Incident Notification and Response Procedures](#); [Student Behaviour policy](#) and [Suspension and expulsion procedures](#)

Students and/or parents/carers can report cyberbullying to the [eSafety Commissioner](#) and reporting links for most sites, games and apps can be found at the [eSafety Guide](#).

## Detention, reflection and restorative practices

Toilet and food breaks are always included when students are withdrawn from the playground as a planned response to behaviour. The maximum length of time will be appropriate to the age/developmental level of the student.

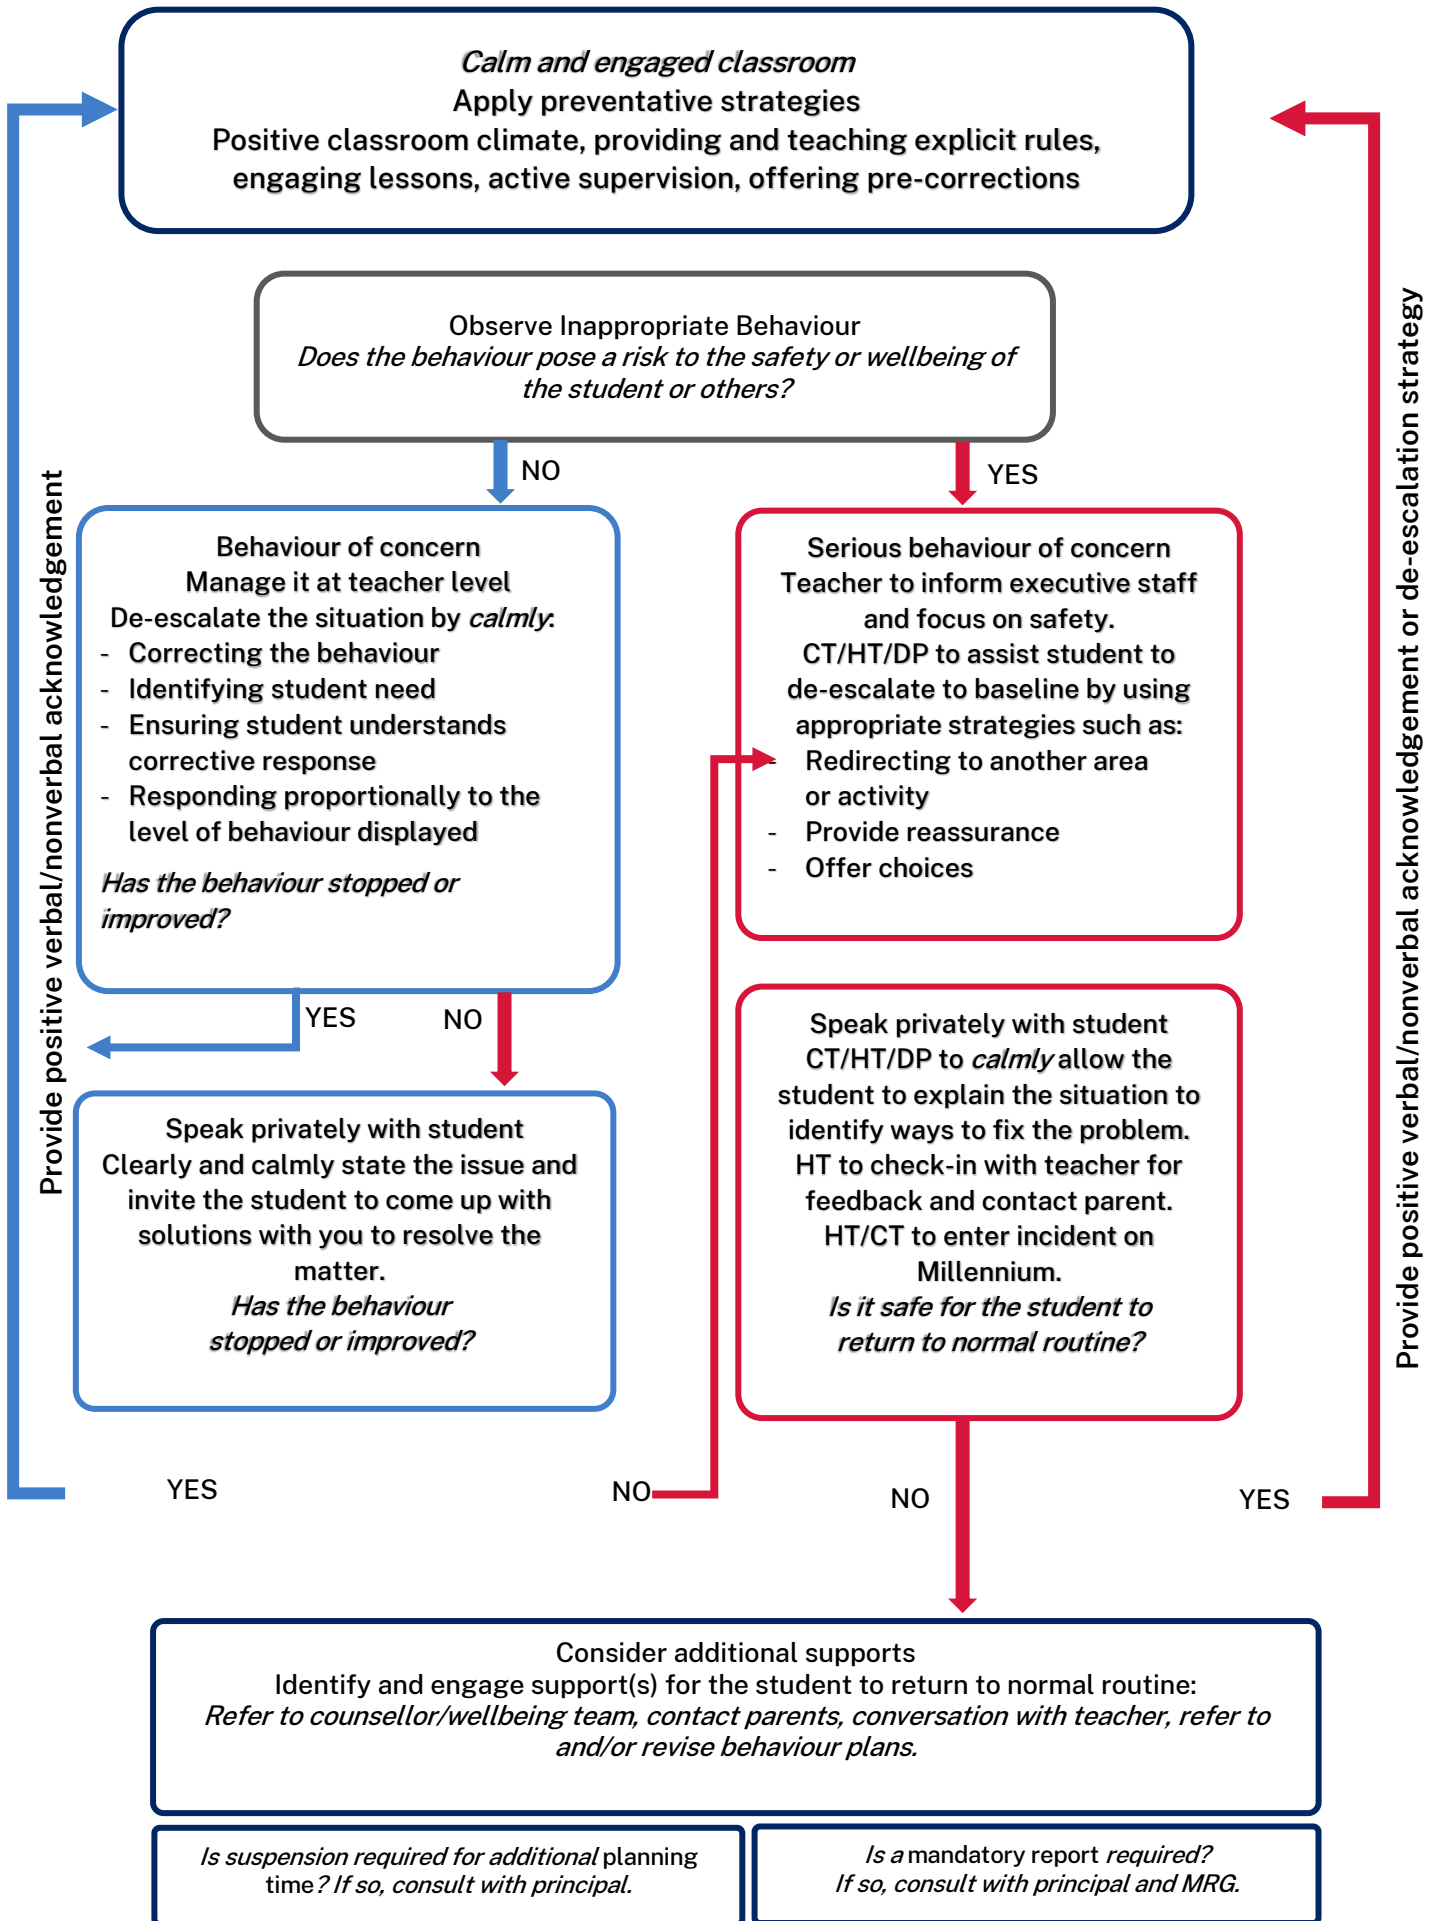

| Strategy  | When and how long?                              | Who coordinates? | How are these recorded?                              |
|---|---|------------------|--|
| <b>Alternate break plan</b> – withdrawal from playground during breaks and re-allocation to office/classroom for supervised breaktime following breach in behaviour. The purpose is to assist the student to achieve the desired behaviour, to reflect on their behaviour and make positive choices – individual or group (detention) | Next break                                      | School executive | Behaviour / wellbeing ITD system                     |

## Bullying Response Flowchart

The following flowchart explains the actions Scone High School staff will take when they receive a report about student bullying, including bullying which may have occurred online or outside of the school setting. The timeframes will vary depending on the professional judgment of staff who receive the bullying complaint and their assessment of immediate risk to student/s.
